To whom it may concern:

DEG Enterprises has completed many projects for this office within the last few years. All work was completed in a timely and professional manner. The contractor is very sensitive to all critical Federal Aviation Administration operations and performed all construction activities without incident. The Resident Engineers and myself are satisfied with the completed projects, and I am looking forward to working with DEG Enterprises in the future. If you have any questions, please feel free to call me at 718-553-3085.

Sincerely,
